## Web-developer

---

An enthusiastic front-end web developer with expertise in negotiation, leadership, and communication, boasting 2 years of experience in the industry. Proficient in technology and computer knowledge, keeping up with the latest advancements in innovation. Believes that courageously dreaming and confidently expressing those dreams leads to their realization.

## Experience

---

10/2022 – Present  
Plot No. 80 Second Floor,  
Patparganj

### Web developer

*Knowledge Excel Pvt Ltd*

Programmed a range of digital avatar and chat-bot programs for client demonstrations. The surveys conducted through avatars and chat processes drew in new clients, doubling the company's profits and expanding its client base.

The newly developed templates and programs brought in approximately 20 lakhs worth of new business.

Utilized "sawtooth" survey creation software to design and implement custom surveys, along with creating tailored templates for dashboards, custom questions, and login pages.

Developed PHP and MySQL-based dashboards to retrieve backend data.

Recently created 3 projects that were shown in the new york conference by my company which brought new businesses

## Projects

---

### Python Project 1 (Beginner) [🔗](#)

<https://github.com/Param2506/projects-by-param/blob/master/Guessthenumber.py> [🔗](#)

### **Python Project Odd or Even**

<https://github.com/Param2506/projects-by-param/blob/master/OddorEven.py> ↗

I began these projects with basic concepts and gradually incorporated new learnings into them as I progressed in my Python journey.

### **Functional E-commerce Website with Django for backend** ↗

<https://github.com/Param2506/functional-e-commerce-website/tree/master/secondproject> ↗

Full-stack Django-based e-commerce platform showcasing backend development skills and payment functionality.

### **Responsive Website with Html, Css, and Javascript** ↗

<https://github.com/Param2506/Fully-Responsive-Website> ↗

Created a responsive HTML/CSS/JavaScript multi-page website without templates.

The website is based on a youtube channel theme with dummy text and multiple pages linked together.

## **Expertise**

---
